

English

Author - Pie Corbett and Dean Thompson
T4W-As Writers and Authors we will be inspired by:

Story writing: We will be constructing our own wishing tale based on 'Cinderella' and a tale based on 'The Stone Trolls'

Non-fiction Further on in the term we will be writing invitations and an information text.

T4Reading- As readers we will be inspired by: A variety of whole class reading texts starting with 'Hansel and Gretel'. We will be using a number of skills alongside fluency; retrieval, inference, prediction and summarisation.

As confident spellers we will: Continue using the 'Sounds Write' approach to ensure accurate spelling in reading and into our writing.

Mathematics

As Mathematicians we will be enquiring all about:

Our work will cover learning multiplication tables; 2,3,4,5,8,10, understanding place value, ordering and rounding numbers and number sequences. Also number operations addition, subtraction, multiplication and division as well as measures, fractions, shape and space and problem solving.

ICT

As Computer Wizards we will be learning about:

Studies will include developing understanding of coding and computer language.

We will consider the technologies in our lives, such as E-mail and ways we communicate using technology. We will learn about E-safety and protecting ourselves while using technology of coding and computer programming.

R.E

As specialists we will be:

In RE, we will be considering the importance of the creation story for Christians.

We will then spend time learning about Jewish festivals and worship.

Geography/History

As Historians we will be discovering:

A chronological awareness of History. We will explore what life was like in the Stone Age, Bronze Age and Iron Age.

As Geographers we will become explorers by finding out:

The source of some of the various types of rock formations across the world and their significance and impact on both Human and Physical Geography. We will look at Skara-Bræ in Scotland and the country of Iceland.

Science

As Scientists we will be discovering all about:
Rocks and soils.

We will investigate rocks and soils, learning about different types of rocks, their characteristics and why different rocks are used for different purposes.

We will gain experience of forces, including attraction and repulsion of magnets and stretching of springs and elastic bands.

P.E

As Athletes, Dancers and Gymnasts we will be learning in:

Our Games lessons will develop the skills associated with invasion games and net and wall games. Our dance work will link to our History topic and our Gymnastics will focus on balance and symmetry.

Music

As Musicians we will be:

We will listen to a range of musical compositions from a range of different composers and we will learn to use musical vocabulary to describe the music. We will also begin to consider how different music makes us feel.

MFL (Modern Foreign Languages)

As bilingualists we will be learning:

We will use games, songs, poems and finger rhymes to help to learn numbers to 15, greetings, asking and answering how people are, what their names are and how old they are.

We will learn to recognise and follow simple classroom instructions.

Theme: From Rock to Heavy Metal

Year : 3 Woodpeckers

Term: Autumn 2020

P.S.H.C.E

(Personal, Social, Health and Citizenship Education)

As caring citizens of The John Moore Primary School we will be thinking all about: Throughout the term the children will be thinking about British Values; Identifying similarities and differences between a diverse range of people from varying national, regional, ethnic and religious backgrounds. We will be thinking about terms "tolerance" and "respect" and how we can resolve differences in a considerate manner.

Environment

As conservationists we are concerned with:
Our school and other environments.

In Forest school we will be learning a huge range of outdoor skills and most of care and respect for the environment.

We will discover how the landscape of Britain has changed since the Stone Age, including a comparison of life then and now.

Spiritual and moral

As thinkers we will look at:

To develop our spiritual and moral skills we will discuss why people make special places and consider why these places were respected and how this has helped develop prehistory knowledge.

Communities

As proud members of a community we will: As members of the community we will find out about people who have settled in our community. We will discuss how they were welcomed and embrace their culture. We will discuss some of the difficulties they faced as settlers.
